

Dear Parent/Guardian,

Following consultations with Subject Departments a schedule of assessment and an assessment framework has been agreed for each of the year groups. Teachers will communicate the details of assessment with each of their class groups and support and guide students toward completing the assessment task(s).

Assessment schedules have been devised to encompass a range of elements as relevant to reporting:

- November Assessment Outcomes
- Project/Practical work
- CBA Submissions
- Assignments (class-based and on line)
- Oral Assessment

Elements will be weighted /addressed in end of year reporting in-line with the assessment activities relevant to individual departments. Student engagement with the learning and teaching activities and assignments over the recent weeks will also be considered in the assessment framework with due consideration to those who have experienced significant access issues.

I would like to thank you all for the support that you have shown the school during this period of uncertainty. I would also ask that you continue to encourage your son/daughter to stay engaged with their teachers and the remote learning process.

Yours sincerely,

D. McCormack
