## Scoil Dara First Year Book Rental Scheme 2020 - 2021

Scoil Dara has operated a Book Rental Scheme since 2016 with the intention of assisting with the significant cost of transition into the second level system. Across the first year subject range certain text books are designed to support the 3 year Junior Cycle and these are the books included in the rental scheme. All other textbooks including those associated with option are purchased independently.

The book rental scheme includes the following first year textbooks (2020-2021):

- C.S.P.E. - Take a Stand & Work Book
- Geography – Geography in Action (textbook, portfolio and workbook)
- History – Artefact (textbook and workbook)
- PE – Active for Life
- Science - Essential Science (textbook, workbook, lab book)
- SPHE - Health & Wellbeing 1
- RE - Inspire - JC Religious Education (3 year book) + Portfolio

The Rental cost is **€45 per year over the 3 years of the Junior Cycle** and each of these books serves that three-year span. To be included in the scheme please complete the on-line form (SMS sent to parents/Guardians) and complete the payment on the easy-payment plus platform accessed through the [school website](#) on or before July 31<sup>st</sup>, 2020.

Textbooks are costly and therefore should be managed and maintained carefully, many of them will be required for the 3 years of the Junior Cycle and represent a core resource supporting student learning, revision and preparation for the assessment and exams. We encourage students to use, carry and store their textbooks with due regard to their cost and value.

Student and parent feedback suggest that many students benefit from organising subject materials into Zip-folders and keeping relevant textbooks, copies, handouts etc. in these storage folders. They are also useful in terms of storage in student lockers.

The school day at Scoil Dara is organised over blocks of 2 classes after which there is a break and an opportunity for students to visit their lockers. Therefore, students are encouraged to carry only materials for the pending 2 classes in their school bags at any time – avoiding overloading school-bags. We recommend that students develop positive organisational habits - ensuring they have the required textbooks, a fully-stocked pencil case and the Scoil Dara student journal at the start of each school day.
