

SCOIL DARA

Vsware

Please be aware that Scoil Dara have migrated to Vsware for our Information Management System. This means to view your child's attendance, behaviour and timetable records you will now log into Vsware and that eportal will no longer be in use. A text message will be sent to all parents in the coming days with your unique username and how to log in. The roll out of this will be done by year group so that we can deal with any queries as effectively as possible.

Access to Vsware can be gained through the school website, The Vsware App which is available for download on Android and IOS or directly at

www.scoildara.vsware.ie

Vsware is a much more interactive application than we have been using previously and will provide a clearer picture on the progress being made by your Child. We ask Parents/Guardians to regularly log into Vsware to monitor behaviour and attendance. By doing this we are creating a closer tie between Scoil Dara and Parents/Guardians and therefore benefitting the learning and progress of all our students.

Our registration roll call will now take place during tutorial time between 9.00am - 9.12am and absent messages will be sent to Parents/Guardians following this.

Helpful information on how to use Vsware can be found at www.vsware.ie under the resources tab.

Please be aware that we are not rolling out all aspects of Vsware at this current time. Presently Vsware can be used for Parents/Guardians to view timetables, attendance, behaviour and reports with additional features to be added in the future.

If you are experiencing any issues with logging into Vsware please email vswareissues@scoildara.ie
